CAREER OBJECTIVE

A motivated Computer Science and Engineering student with a strong foundation in Python, Java, and C. Possesses a problem-solving mindset and a keen interest in web development. Quick to learn, adaptable, and eager to apply technical knowledge to real-world challenges while contributing effectively to organizational growth.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

M. Kumarasamy College of Engineering, Karur | *Expected Graduation: 2027* CGPA: 8.4 (till 5th semester)

HSC: Cheran Matriculation Higher Secondary School, Vennaimalai, Karur 85%

SSLC: Cheran Matriculation Higher Secondary School, Vennaimalai, Karur 80%

TECHNICAL SKILLS

Programming Languages: Java, Python(Basic), C(Basic)

Frontend Technologies: HTML5, CSS3, JavaScript

Backend Technologies: Spring Boot, REST API

Database & Cloud: MySQL, postgresSQL

Tools & Frameworks: Git, GitHub

Area of interest : Full Stack Development, IoT Systems, AI-Powered DevOps & AIOps

PROJECTS

SYNC SCREEN TO SIGHT

Technologies: Flutter, Firebase (Authentication, Firestore, Storage, Cloud Messaging), Provider

- Developed a smart reading app that adapts font size, contrast, spacing, and color themes based on users' eye prescriptions to reduce eye strain.
- Implemented eye detection, distance measurement, vision testing, and adaptive document enhancement for improved accessibility.

SECURECHAT

Technologies: Flutter, Firebase (Authentication, Firestore, Storage, Cloud Messaging, SupaBase), AES, AES-GCM, RSA, ChaCha20, ECDSA-P256

- Built a secure cross-platform messaging app with end-to-end encryption, biometric/PIN authentication, and secure local storage.
- Added real-time messaging, file sharing, typing indicators, online status, delivery receipts, and Material Design 3 light/dark themes.

COLLEGE EVENT MANAGEMENT SYSTEM

Technologies: Frontend: HTML, CSS | Backend: PHP | Database: MySQL / phpMyAdmin using XAMPP

- Student, Faculty, and Admin login with separate dashboards for each role.
- Event management with hall allocation, notifications, and event registration and approval workflows.
- Automated reports generation for efficient college event administration.

INTERNSHIP EXPERIENCE

Frontend Developer Intern (Java Full Stack Development)

Yaazh Tech Pvt Ltd | Project: Bank Management System

- Developed responsive UI using React.js and integrated Spring Boot REST APIs for seamless frontend-backend communication.
- Provided backend support using Node.js with MySQL database handling for efficient data management.

- Utilized AWS for cloud basics and Postman for API testing to ensure reliable and scalable application performance.
- Used IntelliJ and Maven for development workflow and Git/GitHub for version control and code collaboration.

ACHIEVEMENTS

- Got selected in SIH Internal Hackathon
- Patent filed for Sync Screen to Sight
- Journal Published in Kronika Journal (2026 Volume 25 Issue 5)

CERTIFICATIONS

- Microsoft Azure AI Fundamentals (AI-900) – Score: 964/1000 (2026)
- AI Essentials – IBM Skill Labs (2025)

CO-CURRICULAR ACTIVITIES

- Participated in AI Driven Multilingual Platform competition at SRM Vadapalani Campus, Chennai and secured Top 6 Position (2025)
- Secured 10th Position in Hack a Cure Hackathon at VIT Campus, Chennai (2025)
- Participated in TANCAM (2026)

PROFESSIONAL SKILLS

- Leadership & Project Management
- Adaptability
- Teamwork
